Erick Neese
Infina, Ltd.
P.O. Box 410
Great Falls, VA 22066

Dear Mr. Neese:

Please accept this long overdue but most sincere thank you for the outstanding contributions you made to the 2006 Air Traffic Organization (ATO) Leadership Summit, held August 14 – 17, 2006 and the Contract Implementation Training, held August 21- September 9, 2006. The Summit brought together over 700 managers and senior leaders from across the ATO to focus on addressing critical organizational challenges and advancing the transformation of the ATO to a more business-like, performance-based organization. The Contract Training prepared over 3000 participants to implement the new FAA/NATCA Bargaining Unit Agreement. Managing events of this size and agenda is no simple task. Your contributions as a member of the Support Teams, for both events, resulted in well-orchestrated and successful productions.

A real team effort was required to attend to the myriad details involved in coordinating these events. You jumped-in where needed to support the effort and quickly responded to the demands of the moment. Participants remarked on how smoothly both events were run. Please know we couldn't have done it without your help.

Again, thank you for giving us your time and talent.

Cynthia Roache
Director, ATO Leadership and Professional Development
